

**Campaign for Liberty
FEDERAL CANDIDATE SURVEY 2022**

Jeremy Ivanovskis -- Republican Candidate for U.S. Representative TX-3
PO Box 861102
Plano, TX 75086

A one-time disclosure in 2011 revealed the Federal Reserve put taxpayers on the hook for over \$16 trillion at the height of the financial crisis known as "The Great Recession." The Fed had to be forced into releasing this information. One decade later, the Federal Reserve is at it again as a result of the economic fallout from the government response to COVID-19. The Federal Reserve Transparency Act would require a thorough audit of the Federal Reserve to be conducted and would remove restrictions on what the GAO can audit, bringing more accountability to the Fed and our monetary system.

1. Will you cosponsor and support efforts for roll call votes on the Federal Reserve Transparency Act, designed to bring accountability to the Federal Reserve?

YES

Ever since 9-11-2001, the federal government has stepped up its surveillance of U.S. citizens. The so-called "U.S.A. Freedom Act," once known as the "Patriot Act," is a blatant violation of the Constitution, especially the Fourth Amendment. Also, as in the case of RICO laws, its provisions are often used for things other than its original intent. In fact, a recent study of "sneak and peak" warrants found that less than 1% were used for terrorism, while 92% were used for drug-related investigations. The Constitution upholds "innocent until proven guilty," not "if you have nothing to hide, you have nothing to fear."

2. Will you oppose legislation allowing roving wiretaps, warrantless searches, and other mass surveillance efforts against law-abiding Americans and oppose U.S.A. Freedom Act renewal that includes such items?

YES

In the aftermath of the Citizens United v. FEC Supreme Court decision in 2010, Congress has attempted to pass so-called "campaign finance" or "campaign practice" bills under the guise of "ethics reform." These bills represent a direct violation of the First Amendment and serve to chill the political speech of citizens by removing a donor's right to privacy and facilitating harassment and intimidation for their political views.

3. Will you oppose any bill that impedes free speech, including any so-called "campaign finance" or "campaign practice" bill that would require a citizen organization to divulge its donor or member information?

YES

Americans are taxed enough and pay more in taxes every year than they do on food, clothing, and housing combined. One of the best ways to ensure a strong economy is to guarantee people keep more of the money they earn.

4. Will you oppose all tax and fee increases and vote for tax cuts?

YES

The United States debt surpassed \$29 trillion in 2021. That is over \$80,000 for every man, woman, and child in America. By refusing to cut unnecessary, wasteful spending and continually raising the debt ceiling, the U.S. Government is passing the debt onto our children and grandchildren for generations to come.

5. Will you support efforts to slash wasteful spending and oppose any debt limit increase?

YES

Continued on other side

Unprecedented measures have been taken in response to the COVID-19 outbreak in America. Unelected bureaucrats from the CDC and NIH have been given the power to unconstitutionally rule over Americans by decree, to include dictating health care treatments and options, forcing citizens to wear a mask even if it puts their health at risk, placing a moratorium on evictions which left many landlords homeless, and more. Meanwhile, the threat of legislation mandating vaccination and forcing Americans to carry a so-called "vaccine passport" in order to participate in society is a very real threat.

6. Will you support legislation that would ban forced vaccination and vaccine passports and bind down the federal "health care" bureaucracy to an advisory only position?

YES

The "Patient Protection and Affordable Care Act," also known as "ObamaCare," increased costs and regulations on both businesses and consumers, despite claims it would do the opposite. Now, insurance options are dwindling, medical care and insurance premiums are skyrocketing, and in many states, the cost of a family insurance policy has far surpassed the average cost of rent. Despite ObamaCare's failures, some are advocating a complete government takeover of health care via Medicare for all.

7. Will you support legislation to fully repeal ObamaCare and oppose efforts to give the federal government more control of health care?

YES

The Second Amendment to the U.S. Constitution guarantees American citizens' right to keep and bear arms shall not be infringed. Yet following every tragic shooting perpetuated by criminals, politicians in Washington, D.C. move to limit the rights of law-abiding citizens. Recently, everything from "Red Flag" gun confiscation to arbitrary limits on magazines to a national gun registry has been on the table. The fact is, these so-called "solutions" won't work. The only way to stop a bloodthirsty criminal with a gun is if good people are armed and ready to fight back.

8. Will you oppose all infringements on law-abiding citizens' Second Amendment rights?

YES

Under Article 1, Section 8 of the U.S. Constitution, only Congress has the power to declare war. The U.S. has not declared war since World War II. Our fighting men and women should never be sent into a war that has not been directly declared by Congress.

9. Will you oppose using military action without a congressional declaration of war?

YES
